**Breakout Sessions speakers and topics TBA. Sessions will support faculty in starting/maintaining/growing cybersecurity career preparation programs within their schools.*

Faculty and chaperones may move freely between the competition and breakout sessions to monitor students. However, faculty and chaperones are responsible for students at all times. We ask that faculty and chaperones refrain from assisting students with the competition. There will be competition mentors onsite to help students within the guidelines of the competition.

Agenda is subject to change. Thank you!
