Mr. Frank McKenzie
Executive Director
Cyber Florida: Florida Center for Cybersecurity at USF
4202 E. Fowler Avenue, ISA7020
Tampa, FL 33620

Dear Mr. McKenzie:

It is my pleasure to write a letter in support of the CyberSecure Florida initiative. The program provides an invaluable service through the cybersecurity assessment tool and the advisory services provided by your regional ambassadors.

As a certified minority-owned, Florida-based, small business enterprise, ATEAM Solution Services understands the importance of information security. We currently provide cybersecurity and physical security solutions to several Department of Veterans Affairs facilities across Florida. As a small business with limited budget, the CSET Tool has become the foundation of our governance, risk, and compliance program and we intend to continue using it as long as it is available.

I fully support the CyberSecure Florida program and the continuing tremendous positive impact your team is making on the State of Florida.

Sincerely,

Dr. Marlon S. Atherton
